Pollinator Seed Balls

Come learn about northeast South Dakota's diverse wildlife. Start early in the morning and learn the how's and whys of bird banding and bird watching! Ever observe a Tree Frog? Walk through the Critter Zoo and see some of the incredible wildlife found in northeast South Dakota. Build a bird feeder made out of recycled bottles, plates, and cans! Take a pollinator seed ball home to plant helping native bees and butterflies! Make a plaster cast of your favorite bird or mammals footprint, or make a print of your favorite fish!
