Come celebrate Earth Day 2019 at Pickerel Lake State Recreation Area. Start early in the morning and learn the how's and whys of bird banding! Later take an Incredible Journey through the water cycle. Ever observe a Wood Frog? Walk through the Critter Zoo and see some of the incredible wildlife found in northeast South Dakota. Build a bird feeder made out of recycled bottles, plates, and cans! Take a pollinator seed ball home to help bees and butterflies! Make a plaster cast of your favorite bird or mammals footprint, or make a print of your favorite fish!
